Dear Mr. <sup>Warren</sup>Frost:

On behalf of myself and NRECA, I want to thank you very much for your participation in our Wind Integration Seminar on February 22, 2010. Your excellent presentation was invaluable to us and our members as we seek to understand the implications of high wind penetration levels and develop an appropriate response to the Commission's Variable Energy Resource Notice of Inquiry. I believe your presentation really helped move us along.

We look forward to the opportunity to work with you on these issues again in the future. In the meantime, if you have any questions or if there is anything I can do for you, please do not hesitate to call.

Very truly yours,

*Jay Morrison*
